**Cory Elementary School
2280 Kenwood Ave
San Jose, CA 95128**

The purpose of this community meeting is to present information about the proposed expansion of Valley Fair mall and particularly the environmental issues associated with the expansion, prior to the public hearings for the Environmental Impact Report (EIR) and Site Development Permit (City File No. H06-027), anticipated in April. This meeting is a follow-up to previous community meetings and is intended to provide a forum for information sharing and community input prior to the formal public hearings.

Project Description: the addition of 650,000 square feet of gross building area to the existing Valley Fair mall. The project will include up to two new department stores, 70 small shops, two new banks, a grocery store and a pharmacy. There will also be the removal of the "A" garage and construction of two new parking garages; one along Monroe Street and one along Stevens Creek Boulevard.

San Jose City staff will facilitate this public meeting.
